Seesaw Parent Guide

What is Seesaw?

Seesaw is a digital learning journal that provides a safe way to document student learning. Each student has their OWN journal in which they can add completed work consisting of photos, videos, drawings, and notes. For parents this creates a triangle of communication between the teacher and student.

Students access Seesaw via the Clever App on their iPad

Student Login

Students will select the option to **Login with Active Directory**. Your child's login is their westside email and password. Once logged in students will click the Seesaw App

Navigating Seesaw

Students see announcements from their teacher in the Inbox tab.

When teachers assign activities, students see them in the Activities tab.

Each student has a Journal. Students can click on their name and see their posts.

	<p>Click the Green Button to post to the journal using tools like the camera, drawing tool, video and more.</p>
	<p>Click the Activities tab under the class name to see assigned work. Find an activity to complete then click 'Add Response.'</p>
	<p>View Announcements, Messages, and Notifications A red notification bubble appears when there is something to see</p>
