Icons-icons can be freely added and moved across the Canvas regardless of template or layout of the graphic project. You can click on an icon in your Canvas to bring up Property Modifier Tabs to resize, replace, or change the color or opacity of the icon.

Styles Tabs

The Style Tabs on the right hand side of the Spark Post Editor allow you to change the look and feel of your entire graphic project. These tabs are broken up into; the **"Design"** Tab, the **"Colors"** Tab, the **"Layout"** Tab, and the **"Resize"** Tab.

DESIGN Edit the entire visual style of your graphic all at once. Once you select a style all the visual and typographical elements will be based on the template style chosen.

LAYOUT The "Layout" Tab allows you to change the layout of every picture box within a graphic design all at once.This is also where you go to add more picture boxes to your design if needed.

RESIZE Allows you to change the size of your canvas at anytime during the design process.

Save your Graphic

Once your graphic is finished you can export it two different ways. You can download your graphic to your computer as an image file or pdf.
